IN ORDER TO OBTAIN A BUILDING PERMIT, THE FOLLOWING MUST BE SUBMITTED

- Two (2) sets of building plans for residential, three (3) sets of building plans for commercial
- Site plan prepared by a certified land surveyor or registered Civil Engineer showing base floor and finished floor elevation if construction is within a Flood Zone.
- Approval of the County Health Officer for sewage and water system and any such information as may be required by the Building Official.
- For a manufactured home, a copy of the Manufacturer's Installation Instruction is required.
- A plot plan for Zoning review that includes:

[]	Acreage of the parcel
[]	The date the parcel was recorded
[]	The location and dimensions of all existing and proposed structure(s), driveway(s),
	sidewalk(s) (Label each as existing or proposed.)
[]	The location of the existing septic field or the proposed septic field
[]	The size of impervious area on the lot (rooftops, concrete)
[]	The distance from the proposed structures(s) to all property lines
[]	The delineation of the RPA and RMA
[]	The delineation of land clearing or disturbance
[]	The size of the area of land clearing or disturbance (in square feet)
[]	The location of any erosion and sediment control measures (silt fence, straw bales, gravel entrance, etc.)
[]	The location of any trees (12"+ in diameter) that will be removed outside of the building, driveway, well, and/or septic footprints(s)
[]	The location of new plants to replace trees (12"+ in diameter) that will be removed outside of the building, driveway, well and/or septic footprint(s). {Two new plants are required for every tree (12"+in diameter) that is removed outside of the building, driveway, or septic field footprints(s).}

When preparing the plot plan, it is preferable to use a copy of a survey. If a survey is not used, be as accurate as possible when drawing property lines.

Notice: It is the responsibility of the applicant to establish the location of the front, side, and rear property lines whereby the County Officials can determine that the setback requirements noted in this plot plan have been met. It is the applicant's responsibility to complete the plot plan.
